PROFESSIONAL EXPERIENCE

DATA ENTRY: PORTAL Designer & Asset Creator | 2023

<https://dtc-wsuv.org/projects/data-entry-portal>

A Virtual Reality re-envisioning of Rob Swigart's 1986 game *Portal*

- Designed assets and UI elements for the Virtual Reality space
- Developed the brand guidelines documentation
- Assisted in finalizing and presenting the project's pitch deck to the client

PIC's Celebration of Impact Video Producer & Editor | 2023

<https://youtu.be/3rpsr4lkoDw>

A collection of stories, from Partners in Careers' clients, created to highlight this nonprofit's impact

- Reduced echoes and removed noise from the audio, replaced background of video clips, added music, and brought it all together to cohesively share the clients' stories within a three-minute video
- Analyzed an hour-worth of footage and identified a list of key clips to use
- Arranged times to meet with, and lead recorded interviews with, past clients

Future Leaders Summer Intern

June 2023 - August 2023

Partners in Careers

Nonprofit Organization

- Designed flyers and marketing materials for ten of their training events
- Created registration and feedback forms, as well as automations, to increase productivity
- Developed guides and compiled resources to provide guidance to coworkers and future employees
- Updated and maintained the organization's website and Instagram page

Outreach and Retention Leader

December 2020 - May 2023

Center for Intercultural Learning & Affirmation

Washington State University Vancouver Organization

- Co-oversaw a budget of over \$200 for campus-wide events
- Worked to develop new data collection strategies such as pre- and post-event surveys to gather feedback
- Developed a chapter of the National Safe Zone certification training and co-led this training for students and staff
